NEW MEXICO ENVIRONMENT DEPARTMENT
WATER PROTECTION DIVISION,

Complainant,

No. 2015-ACO-27

v.

DENNIS WALLIN,
Respondent.

ADMINISTRATIVE COMPLIANCE ORDER

Pursuant to the Environmental Improvement Act (“EIA”), NMSA 1978, § 74-1-10, and the Drinking Water Regulations (“DW Regulations”), 20.7.10 NMAC, the Secretary of the New Mexico Environment Department (“NMED”), acting through the Director of the Water Protection Division of the NMED, issues this Administrative Compliance Order (“Order”) to Dennis Wallin (“Respondent”) to enforce the EIA and DW Regulations.

FINDINGS

1. The NMED is an executive agency within the government of the State of New Mexico and is charged with administration and enforcement of the EIA and DW Regulations.
2. Respondent owns and operates a public drinking water system (“System”) Homestead Water Company, PWS# NM3575530, located in Torrance County, New Mexico.
3. The System is a Community water system, as defined by Section 20.7.10.100 NMAC, [incorporating 40 C.F.R. § 141.2], that regularly provides piped drinking water to approximately one hundred ninety five (195) residents and has approximately seventy two (72) service connections to serve these residents.
4. Respondent, Dennis Wallin, is a “person” as defined by the EIA, NMSA 1978, § 74-1-3 and 20.7.10.100 NMAC, [incorporating 40 C.F.R. § 141.2].

5. 20.7.10.100 NMAC, [incorporating 40 C.F.R. § 141.62(b) and 141.23(i)(3)], requires a public water system to not exceed the Nitrate Maximum Contaminant Level (MCL) of 10 milligrams per liter (mg/L) and to collect a confirmation sample if the initial Nitrate sample exceeds the MCL. Compliance is determined by the average of the initial and confirmation samples.

6. On January 15, 2014, a Notice of Violation (NOV) was issued to Respondent by NMED for exceeding the Nitrate MCL at Treatment Unit #1 during the fourth (4th) quarter of 2013. The NOV notified Respondent that it was required to provide public notice of the violation.

7. On October 28, 2014, a Notice of Violation (NOV) was issued to Respondent by NMED for exceeding the Nitrate MCL at Treatment Unit #1 during the third (3rd) quarter of 2014. The NOV notified Respondent that it was required to provide public notice of the violation.

8. On August 18, 2015, a Notice of Violation (NOV) was issued to Respondent by NMED for exceeding the Nitrate MCL at Treatment Unit #1 during the third (3rd) quarter of 2015. The NOV notified Respondent that it was required to provide public notice of the violation.

VIOLATION 1

9. Respondent is in violation of 20.7.10.100 NMAC, [incorporating 40 C.F.R. § 141.62(b) and 141.23(i)(3)], which requires a public water system to not exceed the Nitrate Maximum Contaminant Level (MCL) of 10 milligrams per liter (mg/L) and to collect a confirmation sample if the initial Nitrate sample exceeds the MCL. Compliance is determined by the average of the initial and confirmation samples. Respondent exceeded the MCL for Nitrate at Treatment Unit #1 on October 10, 2013, September 3, 2014, September 29, 2014, July 22, 2015, and July 29, 2015. Analysis of the samples resulted in Nitrate concentrations of 11.8 mg/L, 10.6 mg/L, 10.6 mg/L (average result of 11 mg/L), 11 mg/L, and 10 mg/L (average result of 11 mg/L) respectively.

RETURN TO COMPLIANCE

Based upon the foregoing, Respondent is hereby ordered to comply with the following:

10. By January 31, 2016, submit a proposed corrective action plan (CAP) to NMED for review identifying the steps that will be taken to bring the water system into full compliance with 20.7.10.100 NMAC, [incorporating 40 C.F.R. § 141.62(b)].

11. By March 31, 2017, comply with 20.7.10.100 NMAC, [incorporating 40 C.F.R. § 141.62(b)], and provide drinking water with concentrations of Nitrate below the MCL of 10 mg/L.

12. Submittals made pursuant to paragraphs 10 through 11 of this Order shall be sent by standard U.S. mail or certified mail with return receipt requested to the following:

Maria J. Medina, Enforcement Coordinator
New Mexico Environment Department
Drinking Water Bureau
P.O. Box 5469
Santa Fe, NM 87502-5469

If respondent fails to comply with the requirements of paragraphs 10 through 12 of this order, the Secretary of NMED may assess additional civil penalties not to exceed one thousand dollars (\$1,000) for each instance of noncompliance with this order.

RIGHT TO ANSWER AND REQUEST A HEARING

Pursuant to NMSA 1978, §§ 61-33-120.E and 74-1-10.E and 20.1.5 NMAC (available at www.env.nm.gov), Respondent has the right to request a hearing. If Respondent (a) contests any material or legal matters upon which this Order is based; (b) contends that Respondent is entitled to prevail as a matter of law; or (c) otherwise contests the appropriateness of this Order, Respondent may mail or deliver within thirty (30) days of receipt of this Order a written Request for Hearing at the following address:

Hearing Clerk
New Mexico Environment Department
P.O. Box 5469

Santa Fe, New Mexico 87502

Respondent must attach a copy of this Order to the Request for Hearing. 20.1.5.200.A(2)(d) NMAC.

The Request for Hearing shall include an Answer. Respondent's Answer shall clearly and directly admit, deny or explain each of the factual allegations contained in this Order with regard to which Respondent has any knowledge. Where Respondent has no knowledge of a particular factual allegation, Respondent should so state, and the Respondent may deny the allegation on that basis. Any allegation in this Order not specifically denied shall be deemed admitted. 20.1.5.200.A(2)(a) NMAC.

Respondent's Answer shall also include any affirmative defenses upon which Respondent intends to rely. Any affirmative defense not asserted in the Answer, except a defense asserting lack of subject matter jurisdiction, shall be deemed waived. 20.1.5.200.A(2)(b) NMAC.

Respondent's Answer shall be signed under oath or affirmation that the information contained therein is to the best of the signer's knowledge believed to be true and correct. 20.1.5.200.A(2)(c) NMAC.

FINALITY OF ORDER

Pursuant to NMSA 1978, §§ 61-33-10.E and § 74-1-10.E, this Order shall become final unless the Respondent files a Request for Hearing with the Hearing Clerk within thirty (30) days of receipt of this Order.

SETTLEMENT CONFERENCE

Whether or not a Request for Hearing has been filed, Respondent may confer with the NMED concerning settlement of this Order. The NMED encourages settlement consistent with the provisions and objectives of the EIA and the DW Regulations. Settlement discussions neither extend the thirty (30) day deadline for filing a Request for Hearing and Answer nor alter the deadline imposed for compliance with the mandate of this Order. Settlement discussion may

be pursued as an alternative to, and simultaneously with, the hearing proceedings. Respondent may appear at the settlement conference alone or accompanied or represented by legal counsel.

A Stipulated Final Order shall finalize any settlement reached by the parties. The Stipulated Final Order must resolve all issues raised in this Order, shall be final and binding on all parties, and may not be appealed.

To explore the possibility of settlement in this matter, contact Maria J. Medina, Drinking Water Bureau, New Mexico Environment Department, P.O Box 5469, Santa Fe, New Mexico 87502-5469, (505) 476-8629.

COMPLIANCE WITH OTHER LAWS

Compliance with the requirements of this Order does not relieve Respondent of the obligation to comply with all other applicable laws and regulations. This Order does not constitute a waiver, suspension, or modification of the requirements of 20.7.10 NMAC and 20.7.4 NMAC which remain in full force and effect. Issuance of this Order is not an election by the NMED to forgo any civil or criminal action otherwise authorized under the EIA.

TERMINATION

This Order shall terminate when Respondent certifies that all requirements of this Order have been met and the NMED has approved such certification in writing, or when the Secretary approves a Stipulated Final Order.
